ROAD OILS

&

DUST  
CONTROL

## WE OFFER

### ROAD OILS

We are the only supplier in the region that manufactures and applies their own materials. This means, we can extend those savings directly to customer.

Our Road Oils include: SC-70, SC-250 and SC-800

### DUST CONTROL

Along with our road oils we also provide specialty dust control materials.

**Dust Away RTS** - Emulsified for rapid absorption into the soil and quicker cure times. Environmentally friendly and does not harm crops

**EarthBind Prime** - High Quality soil stabilization agent. This product works well in many different applications. EB Prime binds loose soil and adds a waterproofing layer to the surface.

**SS-1h** - Slow set emulsion formulated to penetrate the surface. Can be diluted for use as a dust control Agent

**Mag Chloride** - Cost effective, dust control agent commonly used right before harvest to help with dust abatement and to reduce dust mites.

CONSTRUCTION

## WE OFFER

### CHIP SEAL

Extend the life of your road while saving up to 80% of the cost of paving. Chip seals can be applied to existing roads along with native soil & base rock.

### OIL SPREADING & TRUCKING

Talley Oil maintains a fleet of Bearcat computer-controlled distributors to ensure the exact amount of material is applied consistently on every project. Along with our distributors we also have a fleet of Super Tag Rogue dump trucks to deliver any material that the customer needs.

### REJUVENATING OIL

Tricor Reclamite® - Reclamite® is used to extend pavement life at the top of the maintenance curve, pushing that curve as long as possible before more expensive wear course seals are required. It also provides a simple, one step method for sealing and waterproofing the asphalt. Recent Public Works Projects - City of Exeter, City of Delano and City of Visalia.

Talley Oil Inc. is a licensed distributor of Tricor products.
